SEVERO CHEMA®

PRODUCT CATALOG

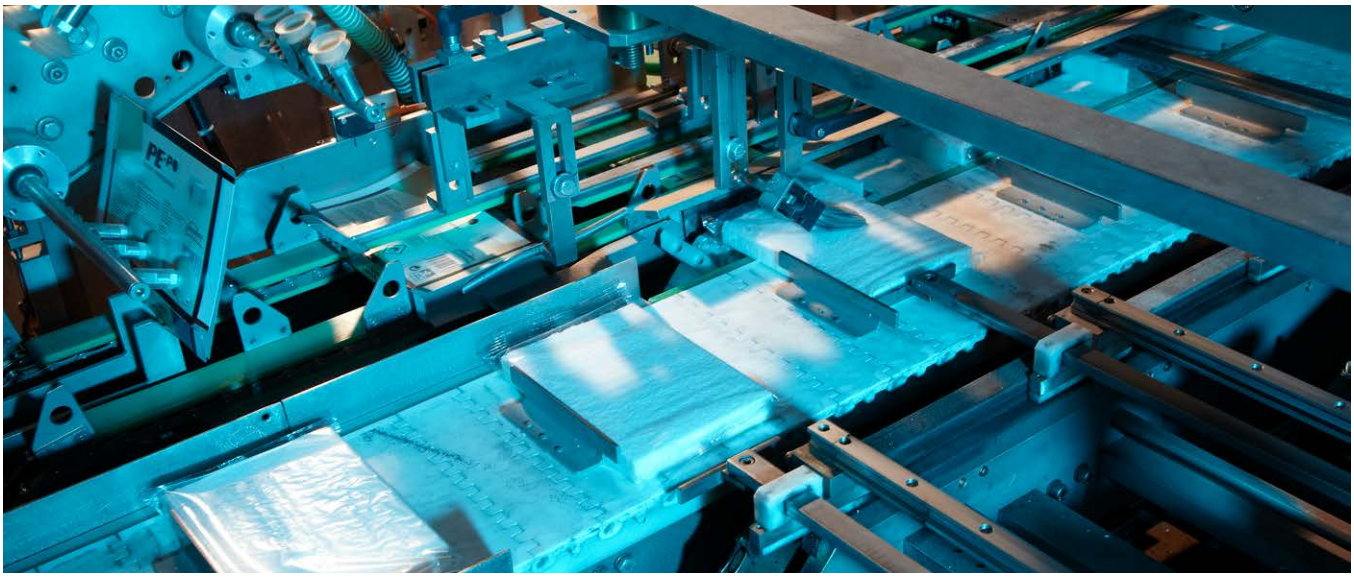

HISTORY & PRESENT

Severochema, a cooperative for chemical production, Liberec was founded on October 1st, 1953, following the traditional production located in the same premises in Liberec from 1884. Thanks to the investments in its own R&D and special formulas, the local manufacturer was transformed into a major producer of chemical products, supplying the whole market of the former Czechoslovakia. The production included chemicals for industrial and agricultural plants and household detergents.

Severochema is currently one of the leading manufacturers of chemical products in the **Czech Republic**. The modern technological, production and storage facilities allow the company to meet a whole range of customer demands. The clientele comprises end users as well as professional users and industrial plants. The in-house R&D department keeps the company in line with the latest trends in chemical production industry.

Severochema employs about **100 people** and the portfolio comprises more than **400 products** including private labels. Severochema also manufactures firelighters, lamp oils and other BBQ products, household cleaners, starches, solvents, technical liquids, cosmetics and agents for the prevention and removal of graffiti.

CERTIFICATIONS & ENVIRONMENT

Severochema has a long tradition of a Czech manufacturer of high quality products. Quality is given the highest attention as a key competitive advantage. The company has implemented the integrated quality management system **ISO 9001, ISO 14001 and ISO 45001.**
Wood-based firelighters are certified in accordance with **FSC®** a **PEFC**. Look for our FSC®-certied and PEFC-certified products in this catalog. All Severochema products and their ingredients, labelling, packaging and transport comply with the applicable legal regulations of the Czech Republic and the countries of export.

Environmental friendliness and the constant improving of the work environment have been Severochema's priorities for many years.

Severochema adheres to **ESG** principles in all areas - Environmental, Social, Governance.

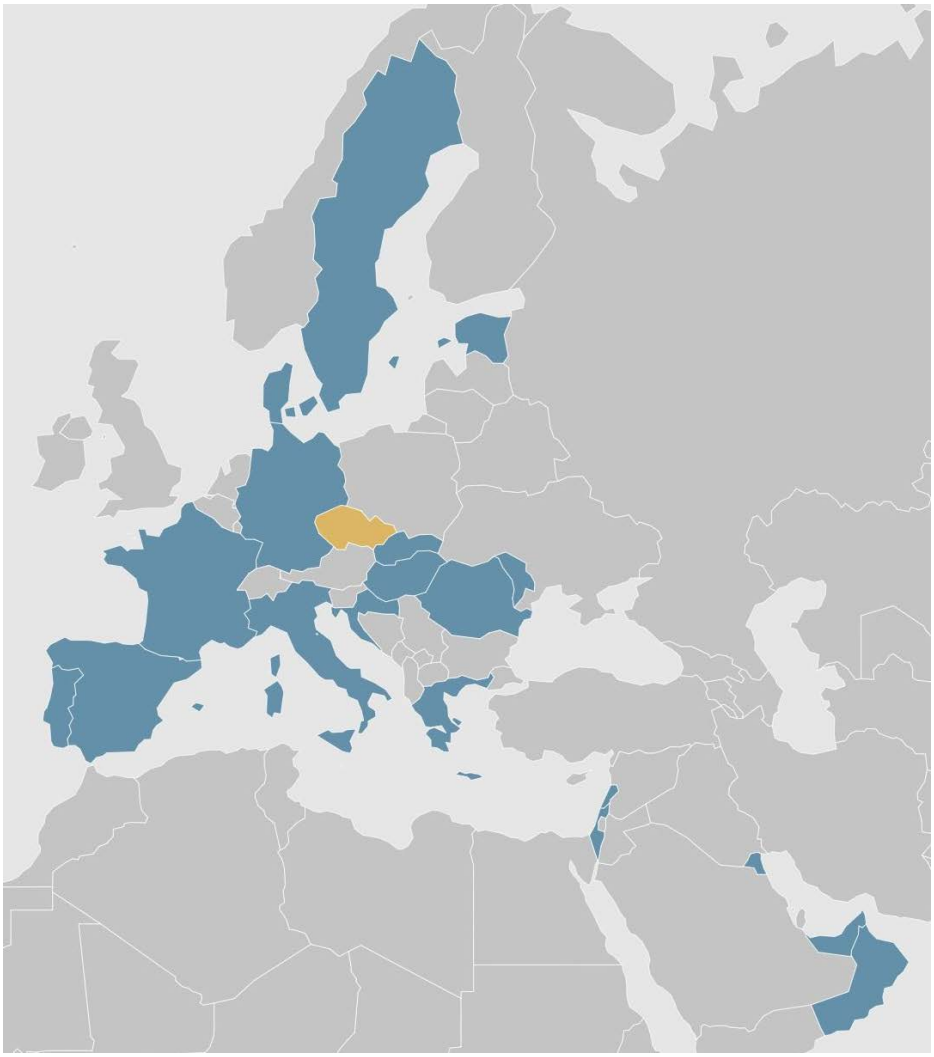

Major investments have been made in Severochema to lower the energy consumption of the production processes and the impact on the environment. Severochema has always supported environmental activities of the organizations in the region and it follows the **CSR** principles (Corporate Social Responsibility).

EXPORT & PRIVATE LABELS

Severochema manufactures products for foreign clients in:
Slovakia, Hungary, Romania, Croatia, Greece, France, Italy, Denmark, Sweden, Germany, Spain, Portugal, Estonia, Moldova, Kuwait, United Arab Emirates, Israel, Lebanon, Oman etc.

Severochema products can also be manufactured under **private labels**. Our clients can use their own product packaging design or let us provide the graphics. We offer our standard products as well as new customized formulas. Packaging, transport and documentation can be arranged as requested. Severochema manufactures more than **100 products** under private labels, half of which is constituted by BBQ products.
